DANIELSON AND PUTNAM NEWS

DANIELSON

Mills Turning Out Much Canvas for Army Tents — Fourteen-Family Apartment to be Erected at Industrial Place—Although Married Lewis J. Monneau Declines Exemption—How to Get Passes to Camp.

Judge W. F. Woodward was re-elected, at Hartford, a vice president of the State Firemen's association. Henry Biere will visit the members of the Thirteenth company, C. A. at Fort Terry, Sunday.

Henry C. Landon of Melrose is spending the week with friends in Danielson.

Missionary to Speak.

Paul E. Nilson, who has been a missionary in Armenia, is to speak at the Congregational church Sunday morning at 11 o'clock.

It is now believed that all of the members of the Thirteenth company liable to be discharged are out of the service.

Harold H. Barber will resume his studies at Hartford Theological seminary this fall and after a year expects to enter the foreign missionary field.

Edward S. Carpenter, collector, has issued his annual notice relative to the collection of borough taxes.

Rev. Truman Woodward will preach at the service at the Methodist church Sunday morning.

Rev. George E. Stone, Putnam, will be in charge of the service at the Advent church Sunday afternoon.

Emergency Cooking.

Under the auspices of the local chapter of the Red Cross, Miss Ethel Tillinghast is to give a talk, at the Methodist church next Tuesday evening, on Emergency Cooking. Her talk will be repeated on Friday evening at 8 o'clock.

The union service on Davis park will begin at 5.30, instead of 6 o'clock, Sunday afternoon.

Canvas for Army Tents.

Large quantities of canvas for army tents is being turned out at mills in the town of Killingly. This cloth later will be dyed a khaki shade.

More contributions to the fund for buying one-half outfit for members of the Thirteenth company can be used. The contributions are being received by Captain A. P. Woodward, O. O.

Rev. C. L. Conrad of Boston is to preach at the service at the Baptist church Sunday.

Raymond C. Williams of Pawtucket visited with friends in Danielson Friday.

Conferred Degree.

The patriarchal degree was conferred upon a class of candidates of Unity encampment, I. O. O. F., Friday evening.

Two Thunder Showers.

Another heavy thunder shower swept over the section hereabouts during the early hours of Friday morning and was followed by another a few hours later.

Chief Michael H. Grimshaw will return to his duties next week after his annual vacation. Officer Christopher Andrews has been away during Chief Grimshaw's absence.

May Receive Special Attention.

There is a prospect, it is said, that the interesting case of Kenneth Hamilton, who was discharged from the Thirteenth company because he is married and lost his sergeant's and other ratings and now has been accepted for service in the new army, may be called to the attention of the adjutant general.

NEW APARTMENT HOUSE

Will Accommodate Fourteen Families — To be Erected at Industrial Place

Announcement was made Friday morning that a 14-family apartment is to be erected on Morin avenue, industrial place, as the part of the extension building, has been under way there for more than a year.

The new apartment will be a novelty. It will be constructed on the old English style, with a court and will be 200 feet in length.

The first story of the building will be of stone, stucco style, and the second story of wood with stucco ornamentation. All the apartments will be equipped in modern fashion and will have all essential modern conveniences.

THIS MARRIED MAN WANTS NO EXEMPTION

Lewis J. Monneau Willing to Go With Men Called From District.

Lewis J. Monneau, of Attawaukan, has the distinction of being the first married man in this exemption district to pass up his claim for exemption and declare himself ready to serve Uncle Sam.

At Putnam Friday morning he passed a splendid physical examination and won the admiration of all when he declared that he was willing to forfeit his exemption claim, being satisfied that his wife would be adequately provided for during the war, and go out with the men called from this district.

Mr. Monneau is very small of stature, just under the minimum height and under the minimum weight, but he is finely developed and passed an A No. 1 physical examination.

In deference to his wish that he be allowed to serve the exemption board members added him to the quota and he will have his chance to appear before the army doctors.

Another man, Albert Tahosse, Danielson, who passed the best physical examinations of any man who has appeared before the board's physicians, said he claimed no exemption and is ready for service. Homer Marquis, Danielson, was another patriot who declared himself ready to serve.

Of this men Killingly may well be proud, as exemplifying the militant spirit of a great nation now engaged in a mighty war.

HOW TO GET PASSES

Directions Given by First Lieutenant Ira A. Warren, of Thirteenth Co.

Writing to a friend here in a letter received Friday, First Lieutenant Ira A. Warren of the Thirteenth company says:

"Notify all persons who wish passes for Fort Terry to have the list of names of persons sent to one of the officers of the Thirteenth company at Fort Terry not later than Wednesday (for a Sunday visit) so that I can get them O. K'd by Colonel Burgess, post commander."

"If necessary the passes will be sent to the persons who have requested them."

"It is useless for anyone to telephone here, as the phone system is in very bad shape and it is almost impossible to hear persons talking from long distance points."

"Please say to those who have asked for passes that they will get the passes sent to them if they are needed; otherwise they will be allowed to go aboard the boat at New London without passes."

PUTNAM

Charlie Lee, Laundryman, Anxious to Go to War, But Weighs Only 90—Muzzle Order in Effect Today—One-Day Fair for Woodstock—Big Day of Examining Board—Twenty-five Physically Fit Do Not Claim Exemption.

Charlie Lee, local laundryman, was one of the men summoned to appear before the exemption board for physical examination Friday.

Charlie appeared and at once made known his desire to get into the ranks of the American army.

"Are you a citizen?" asked one of the clerks, as he prepared to take Charlie's record.

Charlie dispelled any idea that he was born in China, the land of his ancestors, and seemed very proud of the fact that he was born under the Stars and Stripes.

"Want to go to the war?" he was asked.

"Sure," from Charlie.

But Charlie won't be allowed to go. He was rejected by both the physicians who gave him his physical examination. He weighs but 90 pounds and has a troublesome appendix.

His war spirit is 100 per cent. perfect, however, and he is willing even to take his chance with the rest of the more than 600,000 men who are being called to the colors. He was not at all elated over the fact that he was rejected—just the reverse.

MUZZLE ORDER

Goes Into Effect at Noon Today—Continues Three Months.

By noon today all dogs owned in this city must be muzzled, in accordance with an order issued by J. M. Whitteless, commissioner of domestic animals. The order will be in force for a period of three months.

The order to muzzle is in accordance with the killing of a dog that was suffering with the rabies in the nearby town of Pomfret.

There has been a story in circulation here relating how a boy was bitten by a dog running mad in this town, but it is declared that there is no foundation for this story.

Dogs must have a wire muzzle of such construction as to prevent the animal biting anyone.

Dore Warden, Peter Gardner is authorized to capture, hold and kill any dog found at large without a muzzle, as set forth in the official notices that have been given.

Trespassed on Railroad Property.

Having been arrested by Railroad Officer John Murray for trespassing on railroad property, Joseph Larose and Leon Czizinski, both of this city, were held in the city jail Friday morning. Both men pleaded guilty and their cases were continued for three months.

Loss watch being kept against railroad trespassers at this time.

ONE-DAY FAIR

Decided Upon by Managers of Woodstock Agricultural Fair.

Announcement has been made that the Woodstock fair is to be a one-day fair this year, according to a plan with a plan that was talked of right after the close of the 1914 fair. There will, of course, be an entry day in addition to the one-day fair.

One of the reasons for cutting the fair down to one day is that the farm-owners have an unusual large amount of work to do this year, and get little help with which to do it.

Nevertheless, they will find one day for the fair and the 42nd is expected that the crowd that will visit the exhibition will be the largest ever on the grounds.

OVER 100 EXAMINED BY PHYSICIANS FRIDAY.

Big Day's Work—Twenty-five Qualify as Physically Fit and Do Not Claim Exemption.

Just a few more than 100 men were given physical examinations by the physicians of the exemption board Friday in the library of the superior court.

In this group were many men to make the pulses of a real American soldier, with national pride—standing young fellows, physically splendid, and willing, even anxious, to get out and do their bit for their country.

They have set the high standard for all of those who are to follow them and from among their numbers have produced more men who are physically fit and who have not claimed exemption than any of the daily groups that have gone before them.

Before noon 12 of these fine young fellows had passed the physical tests and declared themselves ready for service at any time they may be called.

With five physicians giving their services to the board, the work Friday was speeded up beyond the best record of any other single day, and any night close to the number of men who will be needed to fill this district's quota had been obtained.

The physicians who were with the board Friday were Dr. J. B. Kent, executive officer, Putnam; Dr. Edward P. Perry, Putnam; Dr. W. H. Judson, Danielson; Dr. R. C. Paine, Putnam; Dr. E. R. Pike, Woodstock; Dr. D. E. Murphy also assisted the board.

Twenty-five of the young men who were qualified as physically fit Friday did not claim exemption and all will be added to the quota.

Sixty-seven actually took the physical examinations Friday. Of this number 51 passed, an unusually high percentage, 16 were rejected. There were 26 aliens in Friday's call. Eight of those called failed to report.

The Honor Roll.

Among the men who passed Friday and did not claim exemption were: Adrien Duquette, North Grosvenordale; Wilfred Favre, Wilfred Chaudoin; Eugene Muir, Arthur Olson, Frank C. Freniere, all of Putnam; Nathaniel Grienleaf, Sherbrooke, P. Q.; Albert Tahosse, Danielson; Henry Marquis, Danielson; L. J. Monneau, Attawaukan; Charles J. Adams, Killingly; Henry Duquette, Moosup; Henry L. Wolsard, Danielson; Philip Crozier; Merrill C. Jacques, W. S. Chandler, Eugene Muir, Maxime Lacas, Leo Tremblay, A. J. Briere, John Lube, Eljah Herriman, J. E. Roy, Edward Trahan.

One Hundred More Tests Today.

One hundred more men will be examined by the exemption board here today and it is expected that a sufficient number will qualify to fill up this district's quota, but all will be examined, as will also those called for Monday.

Gossip and Chat.

William Nelson Mansfield is at Fort to hear persons talking from long distance points.

Please say to those who have asked for passes that they will get the passes sent to them if they are needed; otherwise they will be allowed to go aboard the boat at New London without passes."
